Training Program of Health Committees in Husn and Madaba

The work plan included two training sessions for health committees in Talbiah and Souf camps in the sequence of preparing the committees to practice self initiatives activities within frame work.

The first session took place at vocational training center in Husn Camp on 8/3/2015 and the second one at the Madaba Camp on 14/3/2015.
The two sessions included:
1- Health Committee objectives.
2- Health situation analysis for local community
3- Analysis components

This analysis was to empower committees before starting any activity and to get to know the health situation in their camps and health resources(service providers), and also to determine problems and challenges facing health sector, chronic diseases.

The two committees were asked to present concept paper that clarifies the current health situation in their communities.
